Dear Mr. Rothermel:

Enclosed is a page which I came across in my last trip to the National Archives which mentions Mr. Hunt. I have many more on order which I will send as soon as I get them from the Archives. Some of the ones which are coming will be of more help than this one.

Harold Weisberg has written me that he is briefing you completely on the subject of "Farewell America" and that he has already briefed you on the attempt to place the blame for the assassination on Mr. Hunt by William Boxley, aka William C. Wood, who is most probably in the employ of the central intelligence agency and was employed, until the beginning of this year, as an investigator by Jim Garrison.

Best wishes.

Sincerely yours,

Gary Richard Schoener
